

# WHO WE ARE

## ► BACKGROUND

Elite Sedation was founded in 2021 by three former dental school peers: Dr. Andrew Elmasri, Dr. Albert Kang, and Dr. Charles Lee. Over the past three-plus years, they have dedicated their careers to effectively delivering mobile anesthesia services throughout Southern California.

Here at Elite Sedation, our company values go far beyond the treatment room. For our patients, we prioritize providing care that is safe, comforting, and holistic. For our providers, we prioritize partnerships built on transparency, flexibility, and growth.

## 🎯 GOALS

We have been fortunate to experience significant growth during our development as a company. As we look ahead, we aim to build systems that equip our staff and providers to more effectively treat each and every patient without ever sacrificing quality.
